File No of 192

Serial No.

No.B. 8987 Dated 22 March 1927.

Passed on with compliments to the Chief Secretary.

2. The estimate for the work as scrutinized by this officer amounts to Rs 22,035/- against ---- Rs 20,960/- prepared and submitted by the Special Engineer.

3. The design proposed is on the lines of sketches furnished by this office for the front, but the side elevation should have been drawn; it is, however, presumed that this will be similar to the main building recently completed.

4 The exact width of the Avenue Road at this --- point is not shown on the plan, and it is presumed that the Municipal Council are satisfied that the Avenue Road need not be made wider by about 10 ft. at its entrance; but this question may again be examined before actually commencing the structure now proposed in which case one shop has to be ---- omitted.

22	Memo No. 8987 dt 22 & 27 from the Chief Engr:

Forwards for approval an estimate for overhauling a length of 5 miles on the Cochin section of the Kundah Hydro-electric Tramway. The cost-daily maintenance for Rs 22,035/ and Rs 20,960/- forwarded and submitted by the Special Engr: (Hydro-electric Works).

2. The Kundah Power Station part of the line for which has been submitted by the Local Council and since the Contractor has already begun to collect materials for the work with the sanction of Govt.

3. The Chief Engr: in para 2 of his memo says he is advised that the exact width of the Revenue Road at this point is not known to the Govt and that the Govt considers it desirable to widening the Revenue Road by about 10 feet at its entrance has to be recommended by the Local Council before actually commencing the Hydro-electric works proposed.

4. In the above circumstances (Sd) the estimate with the plan may be returned to the Local Govt for necessary action in the matter.

24/3/27 Asst Town Plan Chief Secy

C/1264/27 7th April 27

Returned with compliments the proposed block appears alterations (1) the length must be reduced by 1½' more inside of ordinary the access lane are 60' (2) the block should not have any towers but only a pediment feature in place of them as many many blocks are required for the complete scheme there would be a great preponderance of Towers at this end of the market place.

The Special Engineer has been asked to revise the plan & submit for the proposed block & but up a correct survey of the whole Market place so that a final plan can be drawn up for the whole building scheme with a harmonious disposition of &. Towers & other features

1

Sir,

In continuation of this office letter No C I No 3 dated 7th February 1927, submitting an estimate for Rs 20,960/- for the construction of a row of shops in extension of the Market Front Block towards east up to avenue road, I have the honour to state that at the suggestion of Messrs Krumbiegal and Lakshminarasappa who inspected the spot on the 6th April 1927, the plan was revised by shortening the length of the buildings and leaving sufficient space for the future widening of the Avenue Road, and by omitting the two End Towers The plans thus revised, and the estimate for Rs 13,000/- revised on these lines, were placed before the Municipal Council held on 11th May 1927 and were approved (V de copy of resolution enclosed)

I enclose the revised plan and estimate for Rs 13,000 for favour of early sanction of Government

I further solicit that permission to start the work in anticipation of formal sanction may be accorded as the structural

12

structural details have, I believe, been approved by the Chief Engineer.

I have the honour to be,

Sir,

Your most obedient servant,

Municipal Commissioner.

Sir,

Despatched 8/2/27

I have the honor to submit herewith revised estimate and plan for Rs 20 960/- for constructing a row of shops in the extension of the Market front block towards the east as per instructions of the Chief Engineer in his Memo No 5963 dated 22nd December 1926 The chief alteration made by the Chief Engineer is the addition of 2 towers at the two ends similar to the Market Frontage already completed This has increased the estimate by nearly Rs 8,000/- the original -- estimate without the towers sanctioned by the Municipal Council, being for Rs 12 892/- The revised estimate for --- Rs 20,960/- was placed before the Municipal Council and --- approved by them in their meeting on 18-1-1927 and a copy of their resolution is enclosed

2 There is a budget grant of Rs 8 000/- for this year The excess of Rs 12,960/- will be met from the closing --- balance

3 I request you to kindly place the revised estimate before Government and obtain their sanction Tenders have been called and approved by the Municipal Council and the

contra

15

contractor has started the supply of material The constructi has not yet been started pending the sanction of Government to revised plan and estimate

I have the honor to be,

Sir,

Your most obedient servant,

Municipal Commissioner.

CITY MUNICIPAL OFFICE,
BANGALORE,

Dated, 14th July 1927

Dear sir,

The chief Engineer in his D.O. No.1239 dated 11th July 1927, writes to me that he has submitted with his memo No. 287 dated 12th June 1927 the estimate for the extension of the Market Frontage to Government for sanction.

I shall be much obliged if you can kindly obtain early sanction of the estimate by Government and communicate it to me.

Yours Sincerely,

To

M. Madhava Rao Esq.B.A.,B.L.,
Chief Secretary to the Government of
Mysore. Bangalore.

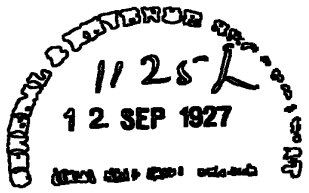
WD 1998—GPB—5,000—27-4-26

No. 2122

Encl. One plan & 1 estimate.

MYSORE PUBLIC WORKS DEPARTMENT,
CENTRAL OFFICE.

Dated Bangalore, 6/9/1927



From

JOHN BHORE, Esq., A.M.I.C.E.,
Chief Engineer of Mysore,
Bangalore.

To

N. MADHAVA RAO, ESQUIRE, B.A., B.L.,
Chief Secretary to the Government
of His Highness the Maharaja
of Mysore, Bangalore.

Sir

With reference to your letter No. L.465/M1.25-27-2 dated the 22nd July 1927, regarding the extension of the front block of the Bangalore City Market, I have the honor to state that alternative designs for the shops were submitted to the Dewan on the 28th ultimo by the Architectural Assistant when it was ordered that the building proposed should have an upper floor. The President, City Municipal Council, who was consulted in the matter, is of opinion that it would be better to consider this question after the property lying behind the site in question is acquired.

In these circumstances, it is a point if the plan and estimate may not be forwarded to the President for resubmission with his opinion after the acquisition proceedings are completed.

I have the honour to be,
Sir,
Your most obedient servant,

CHIEF ENGINEER OF MYSORE.

C MACHIA, Esq., B.A.,
PRESIDENT
CITY MUNICIPALITY
BANGALORE CITY

To

B. Narayanaswami Iyengar, B.A., B.L.,
General Secretary to the Government of
His Highness the Maharaja of Mysore,
B a n g a l o r e.

S i r,

With reference to your letter No. L 3149/Ml. 25-27-9 dated 1st December 1927, forwarding for consideration of the Municipal Council, a copy of letter No. 2122 dated 6th September 1927 from the Chief Engineer of Mysore, regarding the construction of an upper floor on the proposed extension of Market Frontage towards east, I have the honor to forward herewith a revised estimate for Rs 40,500/- together with plans in duplicate for the proposed first floor of the extension of the Market Frontage.

2 A copy of the resolution of the Municipal Council dated 4th May 1929, sanctioning the revised estimate is herewith forwarded for favour of early sanction of Government.

3. Necessary provision has been made in the ensuing year's budget for this work.

I have the honour to be,
S i r,
Your most obedient servant,

Machia
